Communication Addendum

Secure and private communication cannot be fully assured utilizing cell/smart phone or regular email technologies. It is the client's right to determine whether communication using non-secure technologies may be permitted and under what circumstances. Use of any non-secure technologies to contact employees of Capital Valley Counseling Associates, LLC, will be considered to imply consent to return messages to client via the same non-secure technology, pending clarification from client. Please check below which modes of communication are permitted and which are not permitted. This consent may be altered at any time should circumstances or preferences change. *Recording of sessions by Clinician or Client is prohibited.

In the event that client chooses not to allow non-secure modes of communication, contact will only be made via wire to wire phone, wire to wire fax, or mail.
